

SOLAR MOUNTING STRUCTURES MANUFACTURER

Engineering for the Sun

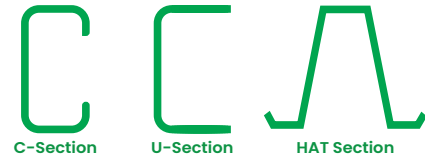

Our responsibility for quality makes us the best in the solar industry

Innovative and committed leadership.

SOLAR POWER PLANT STRUCTURES

- Dedicated manufacturing for Large-Scale, Industrial, Institutional Solar Plants & Agricultural Solar Plants under PM-KUSUM
- We handle the entire process, Design, Analysis & Manufacturing
- Material Types: Hot Dip Galvanised, Pre-Galvanised & Galvalume
- Section Types: C, U, & HAT Sections
- Tilt Angle Depends on Latitude
- Quick Deliveries Across the Country

SOLAR ROOFTOP STRUCTURES

- Wide range of Models with Multiple Height options in ready stock, Suitable for Residential under PM-Surya Ghar
 - Single Row: 1x2, 1x3, 1x4, 1x5, 1x6, 1x7
 - Double Row: 2x2, 2x3, 2x4, 2x5, 2x6, 2x7
 - Three Row: 3x2, 3x3, 3x4, 3x5, 3x6, 3x7
- Material Type : Hot Dip Galvanized, ZAM, Galvalume, Pre GI
- Customised Design, Analysis & Manufacturing for large scale Commercial & Industrial Plants
- Quick Deliveries Across the Country

Innovative & Reliable Solar Mounting Solutions

SOLAR WATER PUMP STRUCTURES

- Designs Approved by IIT Hyderabad
- Dedicated Manufacturing
- Dual Axis Manual Tracking, as per MNRE Guidelines
- Manufacturing Range of 2 MMS to 10 MMS, Suitable for All Pump Capacities
- Complete Kit, all hardware and accessories in a single, organized package for Hassle-Free Installation
- Quick Deliveries Across the Country

SOLAR CARPORT STRUCTURES

- Dual-purpose Structures, that combine vehicle parking with solar Panels installation.
- Various designs like Single Row, Double Row, Cantilevered.
- Space Optimization: Solar carports utilize existing, underused space like parking lots, driveways, and other open areas.

POLES

- Solar Street Light Poles, designed to support a variety of lighting systems, like Regular Solar Street Lights, Semi-Integrated Solar Street Lights, All-in-One Solar Street Lights
- Camera Mounting Poles, designed to offer reliable and secure support for various surveillance and monitoring systems.

DIVERSIFIED PRODUCTS

- Other Diversified Products like Guardrails, Sign Boards & Display Boards for Highways, Fencing Equipment, Foundation bolts, GI Earth Strip, etc..

End to End solutions, Design, Analysis, & Manufacturing

About Us

Founded in 2023, VajraSimha Industries was established by Mr. Rajasekhar Reddy Avuthu, who brings over a decade of experience in solar projects execution and manufacturing mounting structures.

Operating from a state-of-the-art 130,000 sq. ft. facility, we deliver precision-engineered solutions backed by ISO 9001:2015 and ISO 14001:2015 certifications, with designs approved by IIT Hyderabad.

We are scaling up to meet growing demand across India. Our current monthly production capacity is 2,000 tons, and we are boosting vertical integration with a new Hot Dip Galvanizing Plant. This new plant, set to open in fiscal year 2025-26 with a monthly capacity of 3,000 tons.

INFRASTRUCTURE

ISO 9001:2015 & 14001:2015
Certified Company

Factory & Office: Sy. No 450/A2, 449/E2,
Dundigal Village, Gandimaisamma
Medchal Malkajgiri Dist, Hyderabad,
Telangana-500043
